

## 54TH GRAND PRIX BRNO

The Grand Prix of Brno can look back with pride. It has managed to create a tradition of the event the meaning of which has the fame within the Czech Republic and within the Czech swimming.

Despite several changes in the place of the competition, when generations are replaced on organizational positions, it has retained and still has the highest quality. Swimming in the final at the Grand Prix of Brno is often more difficult than at the Czech Championships. We were able to introduce to the swimmers and the general public a number of elite swimmers every year, including finalists and medalists from the European Championships, the World Championship or even from the Olympic Games.

We consider the Grand Prix Brno as a showcase not only for Brno swimming but also for the Czech one, and the quality of this international event has a positive sound in many parts of Europe. Now we are opening the next stage of the Grand Prix Brno, namely the new 25-meter pool in Lužánky.

As usual this year will be part of the Czech Swimming Cup ARENA Cup – 6th round. This race will also be a nomination race for Czech swimmers for the European Short Course Championships, which takes place in December in Romania.

The mayor of Brno JUDr. Markéta Vaňková and the Governor of the South Moravian Region Mgr. Jan Grolich took the patronage over the Grand Prix Brno and we are very grateful for that, because we cannot imagine this race without the support of the city of Brno and the South Moravian Region.

Dear sports friends, we look forward to meeting you in Brno. At a new location, but still at the traditional international race Grand Prix Brno 2023. We wish you and your competitors good performances, many personal records and a relaxing stay in Brno.

*Bc. Jiří Vlček
